

DISCLAIMER

Important:

Before you complete the Pre-Appointment Questionnaire (PAQ) please read the following;

- CDDH clinics are for people aged 18 years and over who have an intellectual disability
- CDDH provides clinical consultations to support the person's usual treating doctor to provide ongoing care
- CDDH is not able to provide emergency or crisis care
- CDDH is not able to provide ongoing medical or psychiatric management to people assessed in the clinics

Should the person require urgent medical or psychiatric treatment you should:

1. Contact the person's usual treating doctor and/or
2. Arrange for the person to be taken to a hospital emergency department and/or
3. Contact the local Area Mental Health Service
